Objective

Business Partners are looking to utilise MAS demonstration assets and POC assets show the capabilities of the Maximo Application Suite current Maximo clients and prospects for any of the following:

- A MAS sandbox environment – to assist with understanding the scope of activities of upgrading dfrom Maximo v7.6.x to MAS v8.x
- A MAS demonstration environment for new prospects and opportunities
- A MAS POC environment for new prospects and opportunities
- A MAS environment to conduct a MAS Pilot for a client

IBM offers a variety of options – and they are outlined on the following pages.
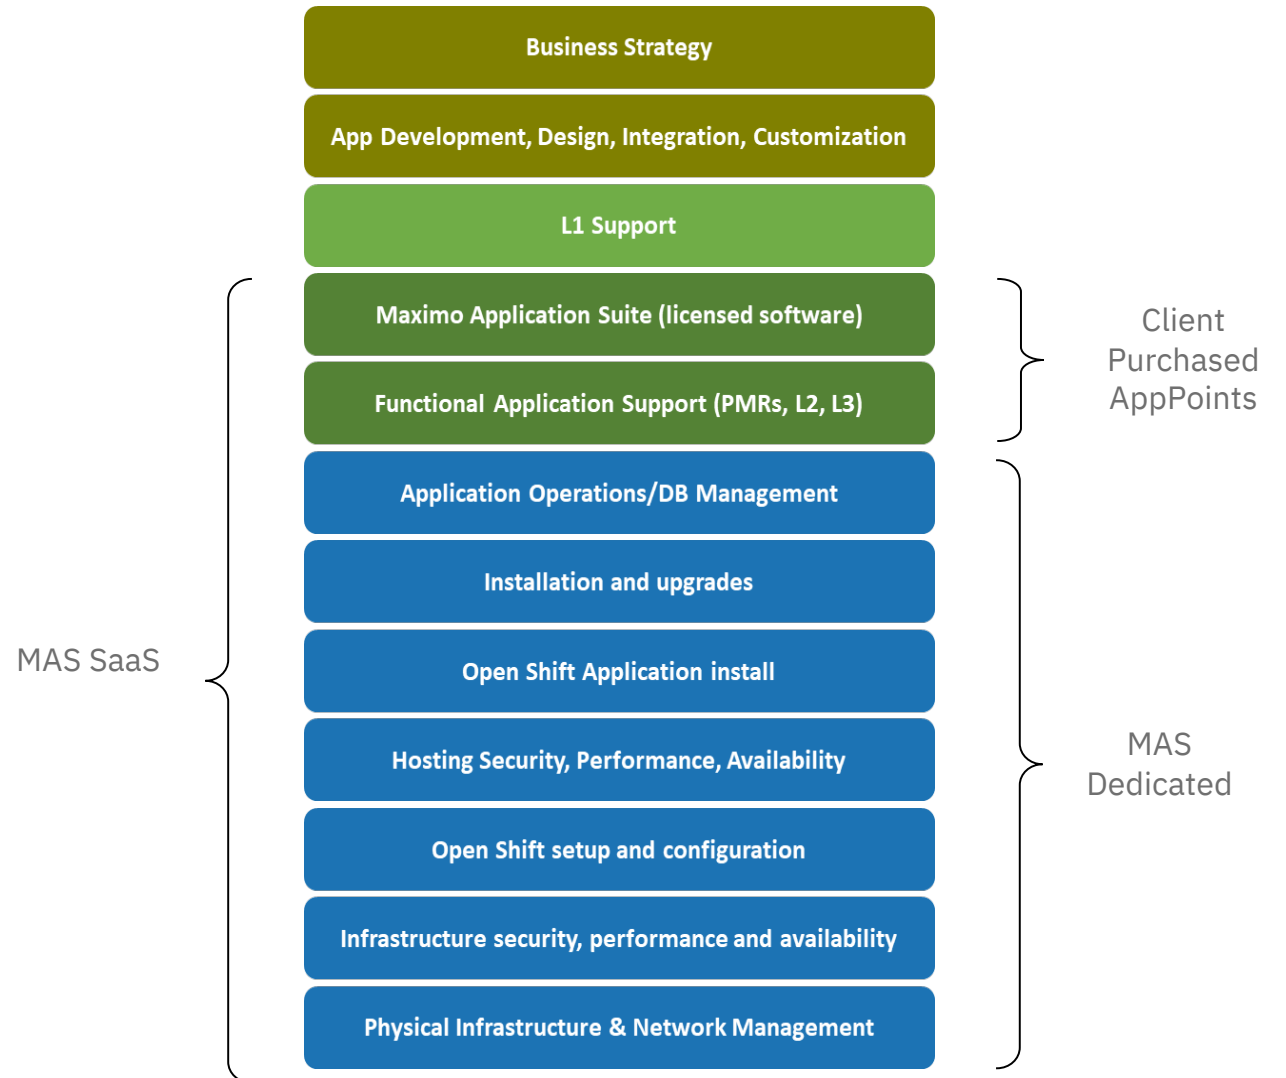

MAS Instance Options

Deployment	Description & Durations	Request	IBM Support Levels	Opportunity Requirements	Other details
IBM TechZone MAS Demo Envs Self-Service and BP Managed	A range of MAS Demo assets to choose from Typical Duration: Very short-term - typically 3-5 days (tbc)	https://techzone.ibm.com/	Limited to Q&A of MAS Technical Sellers on Functional capabilities	Registered Opportunity is Optional	
IBM TechZone MAS POC Envs Request via IBM Aha portal	Based on the options chosen in the Request form. A MAS instance is provisioned. Duration: Medium-term 8-12 weeks tbc) - but extensions may be optained depending on the $Size of the Opportunity and other factors	https://productassets-poc.ideas.aha.io/ideas Select Blue POC Request button	Limited to Q&A of MAS Technical Sellers on Functional capabilities	Registered Opportunity is Mandatory (possibly over a $$$ value)	
IBM Cloud - BP Credits IBM Managed IaaS (limited Support) BP Manages all MAS	BP Utilised MAS AppPoints and other credits to arrange for an IBM Cloud infrastructure to be provisioned. The BP needs to download and install any MAS Prerequisites, then MAS Core and MAS Applications required. Duration: as long as the MAS Cloud agreement	PL: To obtain details of how this is processed	Limited to Q&A of MAS Technical Sellers on Functional capabilities	Registered Opportunity is Optional	
MAS Saas or MAS Dedicated (Managed Service) IBM Managed	BP Purchases a MAS Dedicated infrastructure with the required MAS Applications installed and based on required Environment Sizing. The BP then arranges for their BP Value Pack AppPoints to be assigned to the Licence Server. Duraton: as long as the MAS Saas/Dedicated contract		As long as the MAS Dedicated contract	Registered Opportunity is Optional	

# What is included in MAS Dedicated and MAS SaaS?

At a high level, both MAS SaaS and MAS Dedicated offer the same set of operational services. Choosing either means IBM will take care of all the operational aspects of running MAS.

Business Strategy
App Development, Design, Integration, Customization
L1 Support
Maximo Application Suite (licensed software)
Functional Application Support (PMRs, L2, L3)
Application Operations/DB Management
Installation and upgrades
